City Engineer in Plea for Clean Streets

Last week over 200 letters were mailed to merchants of Albany from City Engineer E. A. Tarr requesting their cooperation in keeping the streets of this city clean. Tarr asked when they sweep the sidewalks in front of their business houses they pick up the refuse rather than sweep it into the gutter as has been the practice in the past.

"Since the street sweeper must make its rounds in the early morning hours before cars are parked on the streets," Tarr pointed out, "the practice of sweeping refuse into the gutters defeats the purpose of this expensive machine. I am sure that every merchant will pause and think of the poor impression their negligence makes upon persons passing through our city, they will be only too glad to cooperate in keeping the streets clean. It is really a matter of advertising. Clean streets mean a favorable impression to the buying public of the business on those streets."

Work Started on New Haven's Super Market

Work has started this week on a new super market at the corner of San Pablo and Washington Aves. owned and operated by Havens Brothers, now doing business at 749 San Pablo Ave., the new store will feature the latest in modern fixtures and appliances to make it the newest market in Albany.

The construction of this market marks another step forward in the progress of Dwight and "Al" Havens, who have made a host of friends in Albany with their progressive merchandising and thoughtful, courteous service.

BROKEN TOYS WILL MEND BROKEN HEARTS ON XMAS

Near the carpenter shop in Codornices Village is a sand pile left on some past construction work in the neighborhood. It is a favorite gathering spot for the children of the vicinity and they come to romp and play in the sand.

One day last week Paul Gagnon, chief carpenter for the project, approached one little lad and asked him what Santa Claus was going to bring him for Christmas.

The carefree smile faded from the boy's face and he shuffled his feet. Daddy says he reckons we won't be able to have Santa visit us this year."

This set Gagnon, the father of five boys, to thinking. There must be discarded toys in many homes throughout Albany. Why not collect up all these toys, repair them and bring some joy to these unfortunate youngsters who stood in jeopardy of losing their faith in one of the finest traditions of this country.

Carl De Rose Speaker At Exchange Meeting

Carl De Rose, former Albany High school baseball star, overseas veteran, and a member of the New York Yankees farm system, spoke before the Exchange Club on Tuesday evening, Dec. 9.

Program Chairman Jack Ragle presented De Rose who told of his career as a pitcher and the big thrill in his life when he pitched a no-hit no-run game in Kansas City last fall after his arm had been declared by doctors to have gone dead.

Exchangites heard a rebroadcast of that ball game during the meeting and gave the former Albany star a grand ovation.

Ed Howell, chairman of the Nominating Committee, presented the nominations of officers for the coming year. Art Smith was nominated as president, Larry Williams, vice-president, Harley Cornell, secretary, Henry Villa, treasurer. Named for the Board of Control was Jack Livingood, Fred Fricke and John Fleich. Remaining on the Board are Al Zimman, Jack Ragle and Ernie Tarr. The election of officers will be held Tuesday night, December 30.

The Exchange club Christmas Party will be a stag affair this year to be held at the regular meeting Tuesday night, Dec. 16. Program chairman Art Smith has arranged an outstanding program for the occasion.

Banquet Honors Legion Junior Ball Players

Members of the senior group of the American Legion baseball program last May and their parents were feasted at a colorful banquet arranged by the Junior Baseball Committee of Albany Post 292 Wednesday evening. Guests of the evening included big league players Ernest Lombardi, catcher with the Cincinnati Reds and First Baseman Augie Galan, also with the Sox. They told of their experiences as players in the big league games.

As a token of the Post's gratitude for the fine showing the boys made during the past season, the 17 lads present were given beautiful blue and gold sports jackets with their names embroidered on the front, the Legion emblem on the left front and the letters TNT (292) on the back. All but one of the boys on the team this year will be eligible for play next May. Those graduating from the Junior League will fill vacancies in the Senior team.

Fred Lauters, coach and adviser to the boys, received a pen set in appreciation for his work with the team. James A. Sartain, past baseball chairman of Albany Post, served as master of ceremonies and R. Bradley, present chairman, arranged the details of the banquet with the assistance of William Castle.

Commander Jack Hamilton, expressed the thanks and congratulations of the Post for the fine clean sportsmanship shown by the team, the coach and the committee during the year.

Gagnon went to David Kinkead, housing manager of Codornices Village, and laid his plan before him. Kinkead and his assistant, Harold Wise, are well aware of the acute need of many of the families in the Village.

With final plans made, the volunteer Santas of Codornices Village are appealing to all residents of Albany who have any toys, games, books, anything which might lend a little Christmas cheer to some unfortunate child's life. Donations should be taken to the carpenter shop, across the street from the Administration Building at Eighth and Ninth Streets in the Village.

Maccabees Plan Xmas Cheer for A Needy Child

Some needy child of Albany will have his or her Christmas cheered this year through the Charity Child Care for Christmas Committee, a new organization formed by the Albany Maccabees, Tent 124. Under the direction of Fred Reinmann, a former social worker, the committee will select a needy child each Christmas and act as Santa Claus to him or her. Their protege will be fed, clothed and treated to a round of entertainment designed to give him (or her) new hope in life.

Needy children of fathers who were killed in the war will be given preference from lists submitted by all organizations in Albany. The child will not learn of his good fortune before Christmas and his name will never be publically revealed.

All money spent on the child will come from the Maccabees treasury and individual donations by members. If the plan is successful, the Maccabees will invite other organizations to join in providing for other unfortunate children of Albany each Christmas.

MORGAN'S MEANDERINGS

By M. S. T.

Let's go Christmas shopping. Come meander with Morgan up and down the business streets of Albany and have a look see at what our local merchants have to offer this year.

First, let's get something for the little woman, mom or sis. Kay's Specialty Shop, the Rose Shop or Marcia's are our most logical stopping places. For the bewildered male they have a gift suggestion service which should really solve the problem. They will also wrap our gifts in fancy paper with the proper bows and ribbons.

Something for most any member of the family may be found at Holfelder's Jewelry or Albany Jewelers. This year they are displaying a dazzling array of fine watches and jewelry to bring six-cylinder words of thanks from the lucky recipient.

Maybe we should get our loving spouses and take them by Vestal Baird and Foley and Bonny. They can get some good tips on what we men of distinction would like to find under the tree come Christmas morn.

For home appliances on terms that even a meandering reporter can afford, Ortland's, Nelson Co., and the Albany Radio and Appliance Co. have a very impressive array of labor savers to gladden the heart of any housewife.

Looking to the future for something to outlast all other gifts, we can do no better than to stop in at the Mechanics Bank or the Albany Federal Savings and Loan Association for a savings bond that will grow with the passing years.

We sorta worked up an appetite with all this mythical shopping and it makes us think of that Christmas day dinner. For the best in good foods all down the menu there's Dagna's, Villa's or Haven Brothers markets. Yes, I guess Albany really is the best place to do our Christmas shopping.

From all quarters and some very high sources, the boys of the Police and Fire Civil Service Club are getting some words of high praise for the grand job they did on their history book, "The Story of Albany." The County Board of Supervisors as a whole and an individual letter from Supervisor Thomas Caldecott are two of the growing list thumb-tacked to the bulletin board in the fire house. Capt. Gerald Browne asked Morgan to convey the thanks of all the boys in both departments to the public for their wonderful reception of the book.

Memo to myself . . . Stop in at Max Ettingoff's S.P. Corner Store. They are now featuring those delicious Kraft chocolates on a special deal with the Berkeley distributors.

Bowman at Conclave Of Calif. Bankers

W. J. Bowman, president of the Albany Federal Savings and Loan Association, is meeting with savings and loan executives from throughout California at the annual Mid-year Conference of the California Savings and Loan League, statewide organization, now being held at the Mission Inn, Riverside, Dec. 11, 12, and 13.

Council Defers Action On Disclaimer Request

In their shortest session in many weeks, the City Council deferred action until further study could be made, upon a resolution disclaiming any title by the city to property taken over by the Government in 1945 and now the subject of a suit by the Government against the University of California regents.

City Attorney George Glavinovich stated that it was his understanding that the city had never held any title to the land and that the resolution was a mere legal formality to save government attorneys extra work in securing a disclaimer from the city by involved legal means.

Since the location of the land was not definitely stated in the resolution and since council members desired more time to study the possibilities of the city ever having any future use for the property, Councilman Raymond F. Cleary moved the matter be held over for further study.

(The land under discussion is a tract of 8.433 acres located in the Navy's Kula Gulf housing project, just south of the Veterans Village. Old timers in Albany will recall the baseball diamond on the site some 20 years ago. Ed.)

Other business included a report from Councilman Bert F. Hill stating that he has been promised two

more lights for the Memorial Building by county supervisors. Hill met with Supervisor Thomas Caldecott and others recently to lay before them his complete plans for lighting Memorial Park. Approximately eight floodlights will be erected atop the Memorial Building to completely light the park. Hill said he expects the lights will be installed by mid-January.

Councilman Charles Graber reported that he has had several discussions with Humane Officer Walter Asher on possible improvements for the City Pound. Graber said he is preparing a complete report on the needs of the pound for presentation at council meeting next Monday night.

In answer to a request last week for an investigation of proposed changes in Key System routes for the No. 85 and 88 bus lines, Glavinovich stated that the extension of these routes further into Oakland will cause no change in schedules of service to Albany. He said that such changes are made by the company without hearings before the Public Utilities Commission. He was advised that if any citizens suffered any inconvenience it should be reported to Key System officials.

An application by the Yellow Cab Co. for permission to establish a taxi stand at 401 San Pablo Ave. was approved.

Plan Traffic Signals For San Pablo Ave. At Buchanan, Marin

City Engineer E. A. Tarr this week announced that repaving of Santa Fe Ave. and part of Portland should be completed within two weeks. The original time estimated on this project was lengthened when workmen had to make excavations of three and four foot depths to reach a solid base. They encountered what was once an old stream which had to be cut through. The \$26,000 project will be paid for by State allocated funds.

Tarr also announced that a traffic count has been completed on San Pablo Ave. at Buchanan and Marin Streets and that traffic there was sufficient to justify the erection of crossing signals. The count showed that at peak hours a total of 4000 cars per hour passed at each intersection. It is expected that signals will be in use by mid-February or early March. State gas tax funds will finance the signals.

When the Key Route improvement project gets underway, dirt hauled from that boulevard will be used to level off the Memorial Park baseball diamond. A recent survey by the City Engineer's office revealed that third base is three feet lower than first base.

The City Engineer is also conducting a study of the inter-city highway plan to link Albany and Berkeley directly with the Eastshore Highway. Plans are to extend Hollis, Seventh and Sixth Streets to meet the highway north of the Albany overpass. No estimate of cost has been made.

Soroptimist News

By BEA RAYMOND

The Soroptimist Club of Albany met at Gaeta's Coffee Shop on Wednesday, Dec. 10, with President Bea Williams presiding, and Nell Moore handling the fine box. Nell fined everybody for everything they did and for some things they did not do. Martha Hollfelder had as her guest Mrs. George Gordon of Fort Benton, Montana.

As program chairman, Janet O'Keefe gave us one of the most interesting programs our club has had since its organization. Four students of the University of California debated the question "Should Palestine Become a Zionist State?"

Jessie Berman gave the British viewpoint, Fred Harvey gave the Arabic view, Barbara Clipper gave the Zionist view and Ralph Phillips gave the United Nations view. They handled this vital subject in an intelligent and interesting manner for our very great enjoyment and enlightenment.

Psychology Now Being Taught at Codornices

The current series of psychology classes dealing with methods and techniques in handling pre-school children is being transferred, effective Wednesday, Dec. 10, from the Albany High School to the Child Care Center Building, Monroe and Eighth Street, Codornices village. This is in accordance with an arranged plan to have, because of transportation difficulties, part of the meetings at the Albany High School Building and part at the Child Care Center Building. These classes, held each Wednesday evening from 8 to 10, are offered by the Albany Evening High School primarily for the fathers and mothers of those children who are enrolled in either the Codornices Pre-School Play Center or that of the Albany Recreation Center. However, any other interested parents who enroll in the lecture series or who are already enrolled in the Albany Evening High School are invited to attend.

The speakers for this course are on a rotation program with a number of schools, and give from three to eight lectures in a series. Paul Gump, a consulting psychologist for the Child Guidance Service of the San Francisco Public School System, is leading the discussions and will conduct several more meetings preceding the next group leader scheduled for the Albany classes. All of the meetings are so conducted that approximately two-thirds of the class time is devoted to group discussions and one-third to a planned presentation by the leader.

"Albany is most fortunate," says Mrs. Delsa Walton, President of the Albany Board of Education, "in getting a fine group of discussion leaders for our adult parent education classes in pre-school methods and techniques. These psychologists, psychiatrists, gynecologists, and others whom we are scheduling have been made available to us through the services of the Council of Co-operative Pre-School Play Centers of Northern California, an organization in which seventeen pre-school play centers, in addition to the two in Albany, have membership. All of the assigned leaders are members of either the educational or the clinical staff of the Council, and are persons of wide experience in their field. They are scheduled for the assign

Membership Drive by Marin PTA Succeeds

Marin Parent-Teacher Association recently concluded the drive for new members with a membership of 439, a 36 per cent gain over the previous year. Mrs. Robert Clark, membership chairman, launched an "all-out" drive early in the school year. A large poster with children flying balloons has been on the bulletin board at Marin School so the children could watch their balloons go higher and higher as the percentage of parents joining the unit grew in each classroom.

On the scheduled date for the close of the drive, the second grade with Mrs. Montez Lawton, teacher, found their balloon 94 per cent of the way to the top. The class was rewarded by a Halloween party given by Mrs. Clark and her assistant, Mrs. J. H. Schroeder, Mrs. George Klamann, president of the unit, and Mrs. Wilbur Graham.

As each class reaches the 100 per cent mark throughout the year, the children will be rewarded by a gift from the Parent-Teacher Association.

Chief Warns of Fire Hazards in Winter

Oily lint from floor sweepings in the floor furnaces of two Albany homes brought calls for the fire department last week as the first really cold days of winter made heating necessary.

In reporting the fires, Chief Fred Pimental reiterated his previous warning to residents on safety precautions in relation to heating equipment. Furnaces and flues should be properly cleaned before using, the Chief stated. All inflammable liquids should be removed from near the furnace and boxes or other inflammable material should not be stacked too near the heating units.

"Common sense precautions will avoid accidents to mar your holiday season," the Chief said. "Use your home heating units and electric fixtures wisely and safely."

Veterans News

More than 300,000 women wore the uniform of the United States Armed Forces during World War II and were stationed in every major theater of operations throughout the world, performing a wide variety of jobs.

On their return to civilian life these women veterans are entitled to the same federal benefits as the male veterans. Federal benefits available to women veterans include the G. I. Bill, providing education or training, loan guaranties and readjustment allowances.

Women veterans are entitled to the same kind of medical treatment available to other veterans, but there are some minor differences in the manner of providing medical or hospital care.

Women veterans of the following organizations are eligible for veterans benefits: Army or Navy Nurse Corps, Women's Army Corps, Women's Reserve of the Navy, Marine Corps or Coast Guard, provided they served on active duty between Sept. 16, 1940, and July 25, 1947, the official end of the war as far as veterans' benefits are concerned.

The only exceptions would be women who may have enlisted or reenlisted for service since V-J Day. Some of these future women veterans could count their service after July 25, 1947, as entitlement for benefits.

There are several exceptions in the methods of awarding federal benefits in the cases of women veterans as compared with male veterans. The widow of a woman veteran is not included in the term "widow" for the purpose of VA benefits. If husband and wife are both veterans and going to school under the G. I. Bill the veteran husband could draw subsistence allowance for his wife as a dependent, but the wife could not draw subsistence allowance claiming her husband as a dependent.

There were some women who wore a uniform, but did not fall in the same class as those who served

in the armed forces. These groups, whose members are not eligible for federal benefits, include the Women's Air Service Pilots, the Women's Flying Training Detachment, the Red Cross and United Service Organizations.

Question: Can I use a G. I. Loan to build an addition to my house?
Answer: Yes, a G. I. guaranteed loan could be used for that purpose.

Question: I am a veteran of World War I. Is there any time limit for filing a claim for compensation for disability caused by my war service?
Answer: No.

TB is spread by persons with active Tuberculosis to others. It is, therefore, a public health threat.

THE 1,000,000th BENDIX Washer answers 4 important questions

1 What is the THRIFTIEST way to get clothes cleanest?

Use a small amount of soap in a small amount of hot water so there'll be enough hot water left to give the clothes a thorough rinsing. That's exactly the way the Bendix works. And that's exactly how the 1,000,000 Bendix Washers now in use are piling up big savings for their happy owners.

2 What is the SAFEST way to get clothes cleanest?

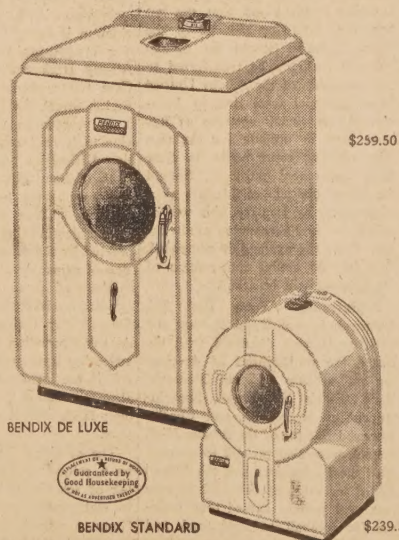

The same way you wash your daintiest garments . . . by "dunking" them gently in and out of the suds. And that's exactly how 1,000,000 Bendix Washers are making clothes last longer. For in the Bendix, clothes are gently tumbled—hundreds of times—in and out of the suds. No agitator wear and tear . . . no rubbing, scrubbing and twisting.

3 What's the EASIEST way to get clothes cleanest?

In ten whole years of trouble-free service, the Bendix automatic Washer has saved more hard work for more housewives than any other washer in the world. Just put in the clothes, set the dial, add soap . . . and you're through. The Bendix thoroughly washes, rinses and damp-dries the clothes . . . automatically . . . even when you're not in the house.

4 How can I be SURE the Bendix is the best?

One of the million lucky Bendix owners is a neighbor of yours. So you don't have to take our word for it. Just ask her what a wonderful washing job her Bendix does . . . how thrifty it is . . . and what a wonderful life it is with all the work of washing done for her automatically.

ADOPTED BY ALBANY HI**

The eighth grade at Albany High School has adopted several Finnish War families, according to Mrs. Helen B. Akin, sewing instructor. Both the art and sewing classes are taking an active interest in this endeavor for families whose average membership is six persons.

Several students have spent their entire allowance to purchase suitable food and clothing for these families.

GOING SOUTH?

It's fun

TO GO BY "DAYLIGHT"

Here's the easy, effortless way to go to Los Angeles

When you board a streamlined red and orange Daylight you sink comfortably into the luxurious foam-rubber seat that has been reserved for you. As your train glides out of the station you listen to soft radio music. The engineer does the driving. You relax in air-conditioned comfort and ignore the weather outside.

When you get hungry, you can wander into the dining car or coffee shop. You'll enjoy a delicious meal while some of California's finest scenery slips past your window—a window five feet wide to give you an unobstructed view. Later, perhaps, you'll have a cool, refreshing drink in the tavern car.

There's something to see all the way—but if you wish, you can read, play cards, or tip back in your reclining seat and take a nap. Before you know it you're in Los Angeles—right on schedule.

There are three Daylights to Los Angeles.

Morning Coast Daylight leaves San Francisco (3rd St.) 8:15 a.m. East-

bay passengers may take train leaving Oakland (1st & Broadway) 7:39 a.m., Fruitvale 7:47 a.m., connecting at San Jose with the Daylight. Arrive Los Angeles 6:00 p.m.

Noon Coast Daylight leaves San Francisco (3rd St.) 12:15 Noon. East-bay passengers may take a streamlined Peerless bus which connects with the Daylight at San Jose. Bus leaves Oakland (20th & San Pablo) 11:00 a.m.; Fruitvale (3285 E. 14th St.) 11:14 a.m.; San Leandro (1475 E. 14th St.) 11:32 a.m.; Hayward (583 Castro) 11:42 a.m. Arrive Los Angeles 9:55 p.m.

San Joaquin Daylight leaves Oakland (16th St.) 8:32 a.m., Berkeley 8:40 a.m., Richmond 8:49 a.m. Arrive Los Angeles 7:50 p.m. Fares are low:

Visitor From Egypt Addresses Hi-Y

Members of the Albany Hi-Y clubs met at the YMCA on Wednesday afternoon at 3:30 to hear Dr. James has been the head of the YMCA in that country. Mr. Quay spoke on "Great Forces at Work in the Anglo-Egyptian Sudan and Ethiopia."

A graduate of the University of Columbia, Mr. Quay's many years in Egypt has given him a thorough knowledge of the land, the people and their problems. During World War II he was the only American doing YMCA work in all of Egypt.

The Girls' Athletic Association will hold their semi-annual "Dinner and Entertainment Night" on Tuesday, December 16.

Nancy Schultz, president of the G. A. A., announced that plans have been completed for this affair which will include a swim to be held at the Women's City Club in Berkeley after the dinner.

The losing teams in the G. A. A. competition will entertain the winning team at dinner.

DAUGHTER CHRISTENED
Rozanne Kathleen, daughter of Mr. and Mrs. Joseph C. Berkenmeier of 1009 Kains Avenue, was baptized Sunday, December 7, at St. Ambrose Church with Father Jackson officiating. Chosen as Godparents were Mr. and Mrs. Victor Celli of Alameda. Refreshments

ments at various schools and play centers by the Coordinator of the Council's Clinic, Mrs. Manvia Bradford, 916 Carmel Avenue, Albany, who is also an instructor in the Albany Evening High School.

"Not only is the council providing the Albany Evening High School with outstanding professional people at nominal cost, but it is coordinating the course with an exceptionally fine clinic service. If the solution to the problems presented are not found by group action at the class meetings, then arrangements can be made for those children enrolled at the pre-school play centers to receive attention at the psychiatric clinic maintained by the Council."

were served at the Berkenmeier home following the ceremonies.

CHICAGO, ILL.—Chuckie Datz, 3, kisses pet duck a sad farewell as he leaves bird at 14-acre Olson Park, home of Olson Rug Co., here. Chuckie raised the duck from an Easter gift duckling to a full grown bird, but because of approaching Winter is forced to turn his pet over to the Walter Olson Bird Sanctuary in Olson Park, located in the heart of Chicago's Northwest industrial area, which is visited by upwards of one-half million people annually.

CHRISTMAS PARTY
The annual Christmas party of St. Alban's Episcopal Church will be held this Friday evening, beginning at 8 o'clock. The affair will be held at the Albany Community Church, Marin at Stannage.

Sponsored by the Men's Club of which Frederic Week is president, there will be folk dancing, games exchange of presents and turkey sandwiches for all adult members of the congregation.

PARTY CANCELED
The annual Christmas party sponsored by Unit 292, American Legion Auxiliary, scheduled for Dec. 22, has been canceled for this year. Since Post 292 has planned a Family Party for that night, the Auxiliary decided to cancel their party. Their decision to cancel the party came at the regular December meeting of the Unit on last Monday night.

"Cry Wolf" Opens At Albany Tonight

Warner Bros' screen version of Marjorie Carleton's popular novel, "Cry Wolf," which opens at the Albany Theater tonight, proves to be a highly awarded motion picture experience.

The story, essentially a modern parallel to the fable of the shepherd's boy who cried "wolf," in jest, too often to be believed when he was eventually faced with actual danger, details the progressive difficulties met with and overcome by Sandra Demarest (Barbara Stanwyck) from the moment she determines to put in a claim for a widow's share in the vast estate left by her late husband, Jim.

Cast as Jim's uncle Mark, Earol Flynn turns in a neat performance in his most unusual role. He must lean heavily upon the proper projection of a character who must sway the audience's sympathy first one way then another.

Bing Crosby and Barry Fitzgerald are teamed together again for a repeat of their solid smash in "Going My Way" when they appear in "Welcome Stranger" at the Albany starting Sunday for three days.

"Milestone Model" and the Men Who Made It

Twenty men whose combined crafts and skills are representative of the myriad trades contributing to production of a motor vehicle, pose at Flint, Mich., with a "milestone model"—the 20,000,000th unit produced by Chevrolet in its 35-year history. From the engineer with his designs and blueprints, to the polisher with his buffing tool, from the chemist to the hooded welder, these are the men who keep the nation's traffic arteries humming. Despite production difficulties, Chevrolet has produced its latest million cars and trucks in almost exactly a year.

THE LIFE STORY OF GENERATOR 0-63000

You cannot buy a powerhouse by catalog order. You must have it built to specifications right from the ground up. Take the giant electric generators for example — they take months and years to build and assemble part by part. Here is the life story of generator 0-63000 long on order.

During the later part of 1949 it will be set in place in the new \$35,400,000 Rock Creek Powerhouse. This Company is building on the North Fork of the Feather River in Plumas County. It will then be "tuned up" like a grand piano along with an identical unit dedicated to a life of spinning out 169,000 additional electric horsepower for Northern and Central California.

Generator 0-63000 will be more than two years old before it goes to work producing power. Factory fabrication time will take 21 months. Upon arrival at the Rock Creek Powerhouse, five months will be required for re-assembly and run-in tests.

Generator 0-63000 is one of fourteen new generating units this Company is now installing for new and enlarged hydro and steam electric powerhouses that are part of our present \$350,000,000 construction program.
